"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine of KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm

is quickly absorbed.
Gives Relief at Once.

It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts. at Druggists or by mail. Liquid Cream Balm for use in atomizers 75 cts. Ely Brothers, 56 Warren Street, New York.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

NOT TO REMAIN IN THE PACIFIC.

The continued presence in Washington of Rear Admiral Evans, who is to command the Atlantic battleship fleet on its voyage to the Pacific, the daily appearance of orders making changes in the personnel of the fleet and the conferences going on between the President and Secretary Metcalf since the former returned to Washington have had the effect to renew interest in the rapidly approaching departure of the great fleet. Naval officers in Washington have had their attention directed to the remarks of the President in the course of his recent speech at Vicksburg, bearing upon the fleet movement, as representing the present state of mind of the chief executive upon that subject.

It is recalled that the President took occasion during his remarks to answer the criticism he said he had observed in some quarters that he was exceeding the appropriation available for coal in getting the fleet to the Pacific. At this point he turned to Representative John Sharp Williams, who was on the platform, and remarked:

"I should like to say that we have money enough to get the fleet to the Pacific. If the appropriation is then exhausted the question of getting it back will depend upon another appropriation being made."

While this utterance appeared to indicate a purpose on the part of the President to leave to Congress the final decision of the question as to whether or not the battleship fleet was to return to the east, it is now certain that the President has never in his own mind cherished any idea of maintaining the fleet permanently in the Pacific. Indeed, it was yesterday learned beyond question that not only does he intend to order the fleet back to the Atlantic, but that unless his present plans are changed, that order will go forward to the admiral in command before the ships have been ninety days on the Pacific coast of North America.

They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Samples free at Gibson & Timberman's and W. F. Creighton & Co.'s drug stores.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

LUSITANIA BREAKS RECORD.

The Cunard Line steamer Lusitania arrived at Queenstown at 9:30 last night. She has broken the best previous eastern record.

The best previous record from New York to Queenstown was 5 days, 4 hours and 19 minutes. This the Lusitania made herself on her last run from New York. The Lusitania cleared Sandy Hook lightship at 5:44 p. m. Saturday last. Her time of passage has been 4 days, 22 hours and 46 minutes.

This is about six hours better than the last eastward-bound passage of the steamer. The Lusitania experienced rough weather and was obliged to slow down her engines. Her daily runs were 405, 570, 540, 532 and Thursday to noon 570. Her average speed for the entire distance was 23.61 knots.

An official statement issued by the Cunard Company points out that traveling against the sun these figures mean exceptionally fine steaming. On a westward trip, with a 25-hour day, they would mean a daily average of nearly 620 knots.

The proportions of the Lusitania are interesting. She has six turbines which have 994,000 blades and an equal number of spacing pieces between the blades. If the blades and spacing pieces were laid end to end they would extend 182 miles, and their total wieght is 194,500 pounds, and the surface of the blades exposed to the action of steam amounts to 114,000 square feet. A consumption of 1,000 tons of coal per day requires about 1,500 pounds per minute. Each of the 100 firemen, therefore, would be required to feed fifteen pounds of coal per minute into the furnaces.

To check a cold quickly, get from your druggist some little Candy Cold Tablets called Preventics. Druggists everywhere are now dispensing Preventics, for they are not only safe, but decidedly certain and prompt. Preventics contain no Quinine, no laxative, nothing harsh or sickening. Taken at the "sneeze stage" Preventics will prevent Pneumonia, Bronchitis, La Grippe, etc. Hence the name, Preventics. Good for feverish children. 48 Preventics 25 cents. Trial Boxes 5 cts. Sold by E. S. Leadbeater & Sons.

Make a note now to get Ely's Cream Balm if you are troubled with nasal Catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membrane that lines the air passages. It is made to overcome the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, New York.

We are certainly excelling ourselves and everybody else in the present quality of Arbuckles' Ariosa Coffee.

No such quality of coffee can be sold out of a bag, bin or tin, or under any other name by anybody in this town, for anything near the same price.

That's a strong statement, but you can take our word for it, and we are the largest dealers in coffee in the world. Another thing---the egg coating on ARIOSA COFFEE does not improve its appearance but preserves the flavor and aroma.

THE PHILIPPINE ISLANDS.

The Philippine Islands and Hawaii were the themes considered at the Mohonk conference at Lake Mohonk, N. Y., yesterday. The speakers included Paul Charlton, law officer of the Bureau of Indian Affairs; Thomas Lawler, of Boston; William Alexander Sutherland, in charge of the Filipino students in this country; Dr. Arthur J. Brown and Dr. C. C. Cregan, who represented the Presbyterian and American Foreign Mission Boards, respectively.

Congressmen Jones, of Warsaw, Va., and Driscoll, of Syracuse, N. Y., spoke against the retention of the Philippines. They did not favor the sale of the islands, but advocated eventually leaving them to the control of the Filipinos themselves. Col. Elijah W. Halford made a spirited reply, expressing his belief that the Philippines were under the present control of this country by divine appointment and that Americans should rejoice at the opportunity of doing good.

MODERN SCIENCE, says a German medical authority, has brought to light the fact that worry will kill. He has also been able to determine from recent discoveries just how worry does kill. It is believed by many scientists who have followed most carefully the growth of the science of brain diseases that scores of the deaths set down to other causes are due to worry and that alone. The theory is a simple one—so simple that anyone can readily understand it. Briefly put, it amounts to this: Worry injures beyond repair certain cells of the brain, and the brain being the nutritive center of the body, the other organs become gradually injured, and when some disease of these organs, or a combination of them, arises, death finally ensues. Worry is an irritant at certain points, which produces little harm if it comes at intervals or irregularly. Occasional worry the brain can cope with, but the iteration and reiteration of one idea of a disquieting sort the cells of the brain are not proof against. It has long been known that work per se is by no means dangerous to our existence, but the incessant worry and flurry which some imagine must necessarily accompany the duties of life are dangerous. Many people catch everything by the handle, move methodically and quietly and consequently get over much ground during a day. But equally as many others begin work in a flutter and while employed seem to invoke worries. They are tired almost before they begin work by anticipations of the day's duties, and generally dream of the responsibilities of the morrow. Charles Dickens was probably one of the most over-worked men of his day; yet he was never in a hurry. He followed a sensible rule by concentrating his mind upon one duty at a time, and never left any one work until it was finished to his satisfaction. He would then turn his attention to something else. The trouble with the majority is the fact that they keep too many irons in the fire and allow a dozen responsibilities to occupy their minds at the same time. Such a course always shortens life.

BECAUSE he spoke in praise of General Lee, Rev. John Van Schaick, jr., pastor of the Church of Our Father in Washington, has been denounced by the Burnside Post, G. A. R., of that city, as unpatriotic. Corporal James Tanner, past grand commander of the G. A. R., and Chaplain Couden, of the House, made a forcible fight to secure reconsideration of the resolutions of denunciation which were adopted at a meeting held October 9. After a hot and exciting debate on the proposition, the motion to rescind was defeated by a vote of 25 to 17. Commander Tanner made a vigorous speech in support of Rev. Mr. Van Schaick. The post, however, in the resolutions adopted pronounced the great Virginian a traitor and guilty of crime in drawing his sword in defense of rights guaranteed his State when it entered the federal compact. The following language used by Rev. Mr. Van Schaick is what caused offense to the post:

Not long ago I attended the celebration of the one hundredth anniversary of the birth of Robert E. Lee. I heard brilliant addresses by a Senator of the United States, a justice of the Supreme Court, and a leader of one of the great parties in the House. But one thing, above all others, in the addresses was made plain—that, great as were his achievements as a general, splendid his victories on the field of battle, the greatest thing about Lee was his spirit. When defeat came down upon him he was a man. He refused to expatriate himself, he took up life among his people and labored to make the union real, strong and permanent.

The reverend gentleman merely repeated truths which have been uttered by President Roosevelt, Justice Brewer and others, and he, very sensibly, refuses to retract a single word.

PROF. EDGAR A. LARKIN, a San Francisco astronomer, who nightly looks at the heavens, where there is neither marriage nor giving in marriage, was a lecturer this week before the San Francisco Sociological Society. He concludes that the public has now attained to a state of receptiveness, making it capable of appreciating his theories regarding life. "Marriage for life is the greatest crime possible, and marriage for any stated length of time is a second degree crime," was his declaration, and he asserted that marriage should be abolished. Marriage, the professor said, surrendered women in to a state of bondage in which they cannot develop, and, without the proper developments of women, the race is bound to die out. Æsop tells of an astronomer who while walking in the night with a telescope to his eye fell into a well. The moral is to teach us that we should not allow star-gazing or other exalted notions to cast into an eclipse the duties of life. Speculations on the celestial have led Prof. Larkin to declare that an institution originated by the Creator in the Garden of Eden is a crime. He seems to have much to learn of terrestrial affairs.

THE New York stock market was on the verge of a panic when J. P. Morgan, responding to a piteous appeal, sent $25,000,000 to the exchange and turned the tide. John D. Rockefeller distributed $10,000,000 through the Union Trust Company. Secretary Cortelyou deposited a large part of $25,000,000 in New York banks. Nine millions more was drawn from the Trust Company of America, but it had no difficulty, as possibly as much was deposited. The millions which poured into the market reduced the rate for money at the close to 10 per cent. Directors of the Knickerbocker Trust Company are working out a scheme to avoid liquidation by forming a syndicate to guarantee payment in full to depositors. There was a run on the Lincoln Trust Company, which had no difficulty in meeting all demands. Today pictures of Rockefeller and Morgan appeared in many newspapers with praises of their action in coming to the rescue of the market at the critical moment. Under normal conditions these two financiers are generally targets for abuse from the envious. They suddenly became very popular yesterday when their services were needed.

ACCORDING to a paragraph in the Washington correspondence in yesterday's Gazette, it is by no means certain that Mr. Roosevelt would decline the nomination for a third term should it be tendered him. It is now said that Gov. Hoch, of Kansas, proposes to run the third term advocates over the convention like a herd of steers, and others are as zealous, but friends say Mr. Roosevelt will abide by his former avowals. The statement made a few days ago by Senator Beveridge to the effect that should Mr. Roosevelt refuse to receive the nomination for a third term Mr. William J. Bryan will undoubtedly be the next President will, of course, be used for all it is worth by such republicans as a desire to retain Mr. Roosevelt in the White House.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 25.

Director of the Census North issued the following today: "The failure of the telegraph companies to deliver telegrams from sixty-nine counties concerning quantity of cotton ginned to October 18, makes it impossible to publish a complete report today. Exclusive of the unreported counties, the report shows 4,089,338 bales ginned from the growth of 1907 to October 18. The unreported counties have 2,247 active ginneries, and ginned 320,123 bales to October 18, 1906. The total quantity ginned last year to October 18, was 4,931,621 bales."

The Atlantic fleet has lost his mascot. If the Japanese should tackle and lick the battleship squadron before it reaches San Francisco, it will probably be due to the disappearance of Admiral Evans' pet parrot, that has, in recent years been his constant companion aboard ship. The bird, which had been brought to Washington by the admiral, escaped.

Commissioner Clarke wired the headquarters of the Interstate Commerce Commission today from Columbus, O., that the hearing in the important coal and oil cases involving Ohio roads, which was to have been held there beginning October 29, had been indefinitely postponed, "on account of the necessary absence of counsel and railroad officials due to the financial crisis."

It is believed at the War Department that the unruly Ute Indians, who have been raising a disturbance upon the Cheyenne river reservation, to suppress which four troops of United States cavalry were sent from Des Moines yesterday have been brought within a control. Captain Johnson, a cavalry officer, who who has had much to do with this band and has their confidence, has been directed by the War Department to ascertain their present grievances.

Leading democrats, representing the united democracy of the District of Columbia, held an enthusiastic meeting at the Raleigh Hotel last night to perfect arrangements for the dinner and reception to be tendered the Hon. William Jennings Bryan on November 26. The price per plate was fixed at $3. A committee on speakers was appointed, who will select prominent democrats to address the diners. Already there are hundreds of applications for tickets on file, and the dinner promises to be the largest and best the local democrats ever gave.

Senator Elkins of West Virginia declared today after a talk with the President, that a new currency law will have to be passed this winter to correct the evils that are responsible for the money panic.

President Roosevelt presided today at the first Cabinet meeting of the autumn. The last previous meeting was held before he left for Oyster Bay early in June. The financial situation was discussed at length and consumed most of the time of the session. A report was received from Secretary Cortelyou, it is understood, and was read to the President's advisers. The Secretary of the Treasury, it is understood, believes that the worst of the panic is over and that the relief given by the government will bring about a resumption of confidence and business activity. Secretaries Cortelyou, Taft and Metcalf were the absentees.

Senator Long, of Kansas, said today, immediately after a talk with the President, that his State would "send a solid instructed delegation for Taft to the next national convention." He added: "We believe the President meant what he said when he announced three years ago that he would neither be a candidate for nor accept another nomination. It is difficult to see how he could make it any stronger, and we accept it as final."

There is known to have been loss of life at other towns.

President Stephens E. McCarthy, of the Journeymen Plumbers' Union of Washington, one of the leading members of the grievance committee of the Building Trades Mechanics' Council, died suddenly yesterday. The immediate cause of his death was congestion of the kidneys, said to have been brought on by excessive work in the interest of the building trades.

It is announced that there will be no advance in passenger fares to and from Washington when the various railroads occupy the new Union Station. The subject was discussed at a meeting yesterday, of officers of the various lines that will use the new station. After a full interchange of views, the proposition to make an additional charge was indefinitely postponed, which means that it was abandoned.

Because 200 of their countrymen were detained on board by the sanitary inspectors of Santa Cruz, Mex., 400 Chinese who had just been landed made a murderous assault Wednesday night upon the crew of the English ship Woolwich. Many men were seriously injured in the affray and five may die from their wounds. The Chinese would have swept all before them but for the timely aid brought by a large force of federal troops and gendarmes.

After having executed his will, disposing of his property, and telling his son where to look the following day for his dead body, Ransom Goodwin, aged seventy-six, of Johnson county, Ohio, who last August murdered his wife in a cold blooded manner, shot himself through the heart, yesterday at Asheville, N. C., death following instantly. At the place designated Goodwin's son found his father's body. Ransom had made two previous attempts to kill himself.

What is said to be the most sweeping injunction ever issued against organized labor was granted at Philippi, W. Va., yesterday by Federal Judge Dayton. The injunction, which is temporary, restrains John Mitchell, president; T. L. Lewis, vice president, and the district officers of the United Mineworkers of America from organizing or interfering in any way with about 1,000 nonunion miners employed by the Hitchman Coal Company, Glendale Coal Company and the Richland Company, located in the Wheeling district. WEATHERS THE STORM.

The Trust Company of America got $9,000,000 worth of pounding in New York yesterday, and came up smiling at the end of the day. It was announced that the main office would be open for business as usual today.

When the run began on Wednesday morning it was the statement of a director of the institution that the amount of deposits payable on demand was between $20,000,000 and $25,000,000.

Between $10,000,000 and $12,000,000 was paid out between the opening and the closing of business of Wednesday. Assuming that the amount of deposits payable on demand on Wednesday morning was $25,000,000, and assuming that the amount paid out on Wednesday was $10,000,000, the company yesterday morning held $15,000,000 of deposits payable on demand.

At the beginning of business yesterday the Trust Company of America received through the Union Trust Company, from other trust companies in the city and, it is said, from the Pittsburg Trust Company, $10,000,000. It was the statement of an officer of the institution shortly before 6 o'clock last night that approximately $9,000,000 had been paid out during the business day, and that $1,000,000 had been deposited.

If these figures are correct the Trust Company of America has paid all of its demand claims, except $4,000,000, or rather, it has paid all of its demand claims except $6,000,000 and has $1,000,000 of the $10,000,000 lent to it yesterday and $1,000,000 of deposits to begin business with this morning. Unless more claims against the trust company have matured in 48 hours the so-called clearing-house committee of the trust companies will have to turn over to the Trust Company of America only $4,000,000 today to enable the company to discharge all its obligations.

THE EARTHQUAKE IN SICILY.

Virginia News.

Col. E. Leslie Spence, a well-known Richmond business man, died yesterday, after a long illness. He was a Confederate veteran and was a past commander of Lee Camp of Richmond.

A dispatch from Fife, Goochland county, says that Sam Hughes, the desperate negro, who Thursday shot and perhaps fatally wounded Millie Toney, his sweetheart, as the result of jealousy, succeeded in carring out his purpose of ending his own life yesterday.

Mrs. Jacob Pawhaw, of Bonsacks, near Roanoke, committed suicide yesterday by shooting herself in the top of her head. Mrs. Pawhaw had been in bad health for some time, and worried over the thought that she would have to go to a hospital to be operated on.

The State Corporation Commission has handed down its decision declining to grant the application of the Attorney General of the State for an increase in the valuation of the roadbed and right of way and real estate of railroads operating in Virginia. The previous assessment stands.

Frederick Rich, supposed to be a petty officer on the torpedo boat destroyer Worden, now in the dock at Norfolk, while on leave of absence to Richmond, was drugged, stabbed and robbed in a house in Mayo street last night, presumably by one of the woman inmates. Rich is believed to be fatally wounded.

Henry O'Dell, the nine-year-old son of William O'Dell, was shot and killed at Bristol yesterday by a neighbor's boy of like age. The shooting was accidental. The lads were playing with a loaded shotgun. The O'Dell boy's thigh was mangled, necessitating amputation, and he died a few minutes after the operation.

Thomas Johnson, colored, charged with the murder of C. P. Snead, of King William county, was sent to the city jail in Richmond yesterday to be held until the sheriff of King William arrives to take charge of him. Snead, a prominent lumberman of King William and a leader of the republican forces in Virginia, was murdered and robbed while on his way to pay off his employes near Etna Mills.

The jury in the Henrico county Circuit Court yesterday afternoon brought in a verdict of not guilty against Henry C. Hechler, democratic nominee for treasurer, who was indicted last week for alleged violation of the Barksdale pure election law. The case against Newton L. Gentry, Hechler's son-in-law, who stood indicted with him, was nolle prossed when the verdict of the jury in the case of Hechler was announced.

The twelfth annual session of the Presbyterian Synod of Virginia, comprising all of the Southern Presbyterian churches of the States of Virginia, West Virginia, Maryland, and District of Columbia, convened in Charlestown, W. Va., last night, the exercises being opened by the delivery of the annual sermon by Rev. J. Alfred Jones, the retiring moderator. About 150 ministers and delegates are in attendance, and the sessions will last the remainder of the week.

It was announced at police headquarters in Norfolk yesterday that the detectives are on the trail of one who they think can throw light on the murder of Alston H. Berry, the rich young professional gambler, of Rome, Ga., whose body was found locked in a room at the Fairfax Hotel Tuesday afternoon. This man was seen with Berry Saturday or Sunday afternoon, the last time that Berry is known to have been seen alive. They are withholding the suspect's name for the present. The stranger disappeared about the time that Berry was last seen.

H. P. Barber, manager of the Broad street branch of the R. L. Barnes Safe and Lock Company, in Richmond, was arrested yesterday upon five charges of larceny. In lieu of bond the man was sent to jail. He is charged with having collected money for the company without reporting the collections to the head office. Barber was married in August to a Richmond society girl, since which time he has been living in an expensive apartment and has entertained considerably. The wife of two months, when she learned that her husband had been arrested upon such a charge, declared that she will personally make good the loss as soon as possible.

Robert Doyle, of Prince William county, whose right leg was amputated at the Emergency Hospital in Washington about two months ago, was dismissed from that institution yesterday morning. Physicians instructed him to board a street car for the Pennsylvania station, where he was to have taken a train for home, but instead of heeding their advice, Doyle started for the station on his crutches. He became exhausted and fell on the street and was removed to the hospital again. Doyle was admitted to the hospital originally while suffering from blood-poisoning. Amputation was resorted to to save his life. His condition last night was much improved.

GRAND CAMP C. V.

The leading feature of yesterday's session of the Grand Camp Confederate Veterans of Virginia, now meeting in twentieth annual reunion in Norfolk, was the indorsement by the Grand Camp of the uniformed Confederate choirs, started by the incumbent grand commander, Col. William H. Stewart, of Portsmouth.

The Grand Camp, with but one dissenting vote, placed upon the table a memorial in the form of resolutions from R. E. Lee Camp, of Richmond opposing the choir movement.

The Grand Camp yesterday elected the following officers: Grand commander, Thomas C. Munford, of Lynchburg; first lieutenant commander, F. S. Brooks, of Roanoke; second lieutenant commander, C. J. Ewell, of Lancaster; third lieutenant commander, William C. Whittle, of Norfolk; inspector general, Carter R. Bishop, of Petersburg; surgeon general, Dr. Herbert M. Nash, of Norfolk; quartermaster general, D. A. Brown, of Richmond; chaplain, J. P. Hyde, of Winchester.

The selection of the next place of meeting was left with the grand officers, to be announced by the grand commander.

By resolution of General L. L. Lomax, the legislature of Virginia was called upon to appropriate not less than $25,000 toward a monument to mark the position of the Virginia troops at Gettysburg. The legislature was called upon to modify the present Confederate pension laws.

Today's Telegraphic News.

Excitement in the Financial World.

New York, Oct. 25.—Not even the promptness with which earlier arrivals got their money yesterday served to prevent the gathering of big crowds today at the banks and trust institutions on which runs are in progress.

From the Trust Company of North America's lobby men and women were awaiting a chance to withdraw their deposits and the extended several blocks.

Crowds gathered in front of a few other concerns, but nowhere in such numbers as at the Lincoln Trust Company.

Leading financiers expressed the opinion, following a conference at J. P. Morgan's home lasting until 1 a. m., that the worst of the financial flurry is over.

Financiers point out, with much satisfaction, that, though Wall street has been embarrassed by the shortage of money and the banks by heavy withdrawals, there have been no commercial failures. They take this as a positive indication that business conditions are sound.

More Banks Close.

Brooklyn, N. Y., Oct. 24.—The International Trust Company with two branches, the Brooklyn Bank and the Borough Bank of Brooklyn, closed its doors this morning owing to the inability to secure cash. The capital of the bank is given as $300,000; its deposits are $3,500,000 and its surplus is $135,400. The liabilities of the bank are stated as $2,789,000; capital is $300,000; the deposits amount to $2,220,000; the surplus is given as $160,000 and $1,410,000 is out on loan. There is little excitement in connection with these suspensions.

New York, Oct. 24.—The United States Exchange Bank, at 23 west 125th street, announced this morning that it would not open today. Police protection was requested. An officer of the bank was asked if the suspension was temporary and replied: "No information to give out."

Providence, R. I., Oct. 25.—A notice was posted today on the doors of the Union Trust Company, on which a run was made yesterday, announcing that the company has suspended payment to depositors temporarily. The Union Trust Company's individual deposits exceed $25,000,000. The paid up capital is half a million. C. S. Wetland has been appointed a receiver for the Union Trust Company.

Brooklyn, N. Y., Oct. 25.—The Williamsburg Trust Company, Broadway and Kent avenue, Williamsburg, closed its doors at 1:15, being unable to cash a check for $10,000. Frank Jenkins is president. The bank had a capital of $700,000. Liabilities, $9,676,484.

Brooklyn, N. Y., Oct. 25.—The First National Bank, on Kent avenue and Broadway, Williamsburg, suspended payment at 1:30 this afternoon.

Denial from Gompers.

Chicago, Oct. 25.—"Any one who says I ever promised financial aid to the striking telegraph operators from the funds of the American Federation of Labor and then broke faith, is either the victim of false representations or inspired by worse motives." This is the emphatic denial of Samuel Gompers, President of the American Federation, that he had broken faith with the operators by failing to turn over a portion of a supposed $2,000,000 fund of the parent union. "I never gave any one reason to believe the Federation would give the telegraphers any portion of its funds," Gompers continued. "It is beyond my authority to set aside money to aid strikers. That lies with the executive committee. Moreover, any man who talks about a cash reserve of $2,000,000 held by the Federation does not know whereof he is speaking."

Had Whisky Put in His Grave.

Middletown, Oct. 25.—Phineas Garde Wright, of Putnam, seventy-five years old and known in eastern Connecticut for his eccentricities, has had his grave in the Putnam Cemetery opened and a case of whisky placed beside the coffin which has been in the grave for more than a year ready to receive his body when he dies. Mr. Wright had a handsome monument erected over the grave. It is a block of granite, with a bust of Mr. Wright wrought on one side. Because the sculptor did not get Mr. Wright's whiskers right in the bust the first time, he had to do the work over again. Beneath the bust are carved the words, "Going, but know not where."

Serious Charge Against Boys.

Rathway, N. J., Oct. 25.—Steps will probably be taken today to prosecute George and Thomas Thompson, two young boys, as a result of the coroner's inquest verdict substantiating charges that they kicked and beat to death Abraham Kauffman, 12 years old, who died last Friday. The Thompson boys, it is alleged took a dislike to Abraham. The youngster was late getting home from school on Thursday of last week and explained he had been whipped by the Thompsons. He complained of being ill and died next day. The Thompson boys have been under arrest awaiting the outcome of the inquest.

Held Up Saloon.

Chicago, Oct. 25.—The entire police force on the south side is searching today for two masked bandits who last night held up a saloon in true wild west fashion and robbed sixteen men of more than $1,000. William Seiferd's saloon, on Blue Island road, was the scene of the crime. The proprietor lost $400. The bandits entered the saloon with drawn revolvers just after two patrolmen had made their round. While one kept the patrons covered, the other collected valuables in a hat. As they were leaving Seiferd grappled with them, but they beat him down with their guns.

Still Closed.

Pittsburg, Oct. 25.—The board of directors of the Pittsburg Stock Exchange, after a meeting this morning, decided unanimously to remain closed today. The action was anticipated, as it is believed the exchange will not open before Monday, perhaps not then if the New York financial storm has not quieted. Secretary Charles J. Holman stated that there was no statement to be made in connection with the closing today other than that the board considered it wise to suspend.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and and chilblain disappear under its healing influence. Guaranteed by druggists, 25c.

Coast Line Shops Close.

Montgomery, Ala., Oct. 25.—The Montgomery shops of the Atlantic Coast Line, employing 300 men, and with a monthly pay roll of $10,000, were closed yesterday. Master Mechanic Pearsall announced that a few of the men would be retained after November 1st, and the company would operate small repair shops here. Mr. Pearsall said this order was due to adverse legislation and a decrease in the business of the company. Announcement is also made that the force employed at the shops of the Western Alabama Railroad has been reduced to twenty-five men.

Taggart Will not Retire.

Indianapolis, Ind., Oct. 24.—Thomas Taggart, democratic national chairman is not going to retire from politics. He is to retire as national chairman however. Taggart believes his enemies are trying to dump him "Nobody will retire me from politics, State or national," said Taggart today." "If any body does it will be Taggart himself. I will not be sidetracked without my knowledge or consent. I am not a candidate for re-election as chairman of the democratic nominee. Whether I will still be a member of that committee I haven't decided."

Hafid Makes Attack.

Gibraltar, Oct. 25.—Mulai Hafid, the Moorish pretender, or "Sultan of the South," as he is called, attacked Magador, a French garrisoned town, last night. The French cruisers off the city, under Admiral Audo Dissaix, opened fire, inflicting heavy losses upon the natives.

Mulai Hafid and his forces were forced to retreat under the cruiser's bombardment, but are still lingering in the vicinity of Magador. The town is safe under the French guns and it will probably not be necessary to land marines.

Fairbanks Denies Story

Broadhead, Ky., Oct. 25—Fairbanks was asked today concerning the statements published yesterday in which he was quoted as denying that he was a candidate for President. Fairbanks said that when in St Louis, he declined positively to discuss politics in any way, in keeping the rule observed throughout his trip. He said any statement purporting to have come from him with reference to himself and national politics was a mere fabrication.

Diamond in Turtle Soup.

Pittsburg, Oct. 25.—That a $65 diamond with a fifteen-cent turtle soup order beats any "sure thing" or "inside information" about stocks is the opinion of H. D. Kennedy, a tailor. Kennedy yesterday found a half-carat diamond in a bowl of turtle soup. He consulted a jeweler who said it was worth $65. "Sold," said Kennedy, who now declares he likes turtle soup better than ever.

The Harden-Von Moltke Trial.

New York Stock Market.

New York, Oct. 25.—The sharp rally in the American Department in London gave some encouragement to the opening of today's stock market and first prices were generally higher. It was soon evident, however, that monetary necessities were again compelling liquidation and the speculation became extremely unsettled. Union Pacific opened two points higher, but within a short time broke below last night's close. Southern Pacific opened up 1 per cent. but practically lost the gain. There was further pressure on St. Paul after starting 7-8 higher, receded nearly 2 points. Reading also fell back from its small rally. Southern Pacific preferred opened 1-2 higher, but lost the fraction and point in addition. Amelgamated was irregular, a little under last night's close. American Smelting after running up 2 3-8 per cent. broke 3 points.

DIED.

Thursday, October 24th, HELEN, the infant daughter of Hiram and Amy Sutton, aged one year and one month.

A dear and loving child;
He gave it to our keeping
To cherish undefiled.

To the glory of the day,
Down came the heavenly gardener
And took our bud away.

STEEL COMPANY BANKRUPT.

A petition in involuntary bankruptcy was filed in the federal court at Birmingham, Ala., yesterday afternoon against the Southern Steel Company, capitalized at $25,000,000. The creditors seeking the bankruptcy order are the Birmingham Coal and Iron Company, the Sayre Mining and Manufacturing Company, and the Cahaba Coal Company. The Southern Steel Company owns a big steel plant at Gadsden; steel rod, wire and nail mills at Eoeley, coal mines at Altoona and Virginia City and ore mines throughout the Birmingham district, as well as coke ovens and other properties.

The filing of the petition was no surprise in financial and industrial circles in Birmingham. Some such action has been expected for some time.

Vice President Schuler said yesterday afternoon that his company is "abundantly solvent and if the creditors are patient and will co-operate with us all debts of the company will be paid and the company put on its feet."

Mr. Schuler said, also, that the operation of the plants will go on uninterruptedly. He attributed the financial embarrassment of his company to the tight money market in the East and other causes.

AN APPEAL.

To the Editor of the Alexandria Gazette:

Dear Sir: The promoters of the William McKinley Industrial School believe that in the education of the head, hand and heart lies the truest solution of the negro problem.

We appeal to our friends to help us to eliminate ignorance. Ignorance, you will concede, is a curse and a blight to any people, because it fetters their minds, dwarfs their intellect and debases their physical powers; perverts their moral ideas and weakens them in all that is ennobling and good, thus reducing those who are made in the image of their Creator to the level of a brute.

Our aim is to give an opportunity to a pupil to earn an honorable living by some trade or industry; to inculcate a love of the domestic life; to teach them Christianity, morality and cleanliness; how to live in the community with their white neighbors peaceably; to learn a trade; to till the soil; to become good farmers. Our school is supported entirely by voluntary offerings. Your readers could not put a dollar where it would do more good than into an institution of this school, which takes hold of the young negro boy and girl and saves them from becoming idlers and criminals. The following is a list of our special needs, which is given for the benefit of those who may wish to help our work:

$100 will support an orphan student in school for 12 months; $300 will furnish the equipments needed for the chapel; $800 will build a boys' dormitory, which is badly needed; $500 will finish our new buildings.

We hope to start up our laundry department and other industries during the winter. Any one wishing information can call at the school, Mont omery and north Patrick streets, or on Rev. R. B. Robinson, secretary-treasurer, 801 Madison street, near the school. Contributions can be sent to M. B. Harlow & Co., 119 north Fairfax street, or the Virginia Safe Deposit and Trust Corporation, Alexandria, Va.

The school can stand investigation and we hope that friends will make inquiries about us. REV. R. B. ROBINSON, Sec.-Treas.

THE LATE C. D. SEMMES.

Mr. Charles D. Semmes died at the Alexandria Hospital shortly before the Gazette was put to press yesterday evening, and only the mere mention of his decease could be made. Mr. Semmes was one of the most generally known and popular residents of this city, and the announcement of his death was a shock to all who knew him, as but few people were aware of the fact that he had been taken suddenly ill and placed in the hospital. The deceased was a son of the late Douglass Semmes, and his mother had died but a few weeks ago. He was a native of this city, and had lived here all his life. Mr. Semmes was a member of Alexandria-Washington Lodge of Masons and of Mount Vernon Chapter, Royal Arch Masons He was also a member of the Bachelor Club, the Relief Hook and Ladder Company and the Brotherhood of Railway Trainmer. For many years he had been employed as a baggage master on the Southern Railway. One brother, Rev. Thomas Semmes, rector of St. Andrew's Episcopal Church, Richmond, survives him. The remains have been placed in the Masonic Temple and the funeral will take place this afternoon at 4 o'clock from Christ Church. The remains will be interred in the family burial ground here. Rev. William J. Morton, rector of Christ Church, will conduct the services.

The pallbearers will be Mr. R. W. Arnold, Capt. George Young, Messrs. G. H. Evans, Albert Aitchison, I. H. Fisher, M. F. Kerrick and G. M. Myers, representing the various organizations with which the deceased was connected.

MUTINY ON STEAMER.

Ten alleged negro mutineers, deck hands on the river steamer Anne Arundel, bound from Baltimore to Alexandria and Washington, were put ashore at Leonardtown, Md., Tuesday night. They are held at that place on charges preferred against them by Capt. W. C. Geoghegan, which grew out of their refusal to work when one of their number had been placed in irons for the alleged slashing of Second Officer S. S. Harrington with a razor. The trouble started shortly after the steamer had left Baltimore. Charges of obstructing the mail and other offenses are made against them. The officers of the steamer say that a negro stevedore named Arthur Campbell came on deck in a drunken condition and in a ugly mood. When the commanding officer ordered him to be ironed and the second officer attempted to carry out the instructions of his superior, the man is said to have drawn a razor and slashed the mate's hand. After a struggle Campbell was subdued and placed in irons. Hearing of this, the crew of stevedores mutinied, it is said. It is thought that the defendants will be taken to Baltimore, where they will appear before United States Commissioner Rogers.

TRAMPS MARCH TO THE SOUTH

Many tramps, on their annual march to the southland, are reported to be passing through this city. Up to the present time, however, but comparatively few have applied to the station house for a night's lodging as is usually their custom when in this city. It is said that some of the itinerants have camps in the extreme southwestern section of the city, and it is a frequent occurrence to be "held up" for either the price of a night's lodging or something to eat. Within a comparatively short time, it is believed, this city will have its full complement of these nomads, and it has been suggested that the best plan to make these people give the city a wide berth is to let it be known that all tramps captured in the city, whether soliciting alms or not, will be sent to jail subject to the chain gang. As there is an abundance of work, labor being scarce in almost every section of the country, there is absolutely no occasion for anyone who is willing to work to be without employment.

DECISION IN DAMAGE SUITS.

After hearing argument from several opposing attorneys, Judge J. B. T. Thornton, in the Circuit Court for Alexandria county, yesterday evening ruled to require a trial of the damage suits against the Washington, Arlington and Falls Church Railway Company at a special term of court after the third Monday in November. The decision affects fifty or sixty cases, involving an aggregate of $423,000, claimed as damages for personal injuries sustained in the wreck on the line of the defendant company in last July, at Clarendon. One of the principal questions passed upon in the decision was as to whether or not the receiver of the company should be made a party to the suits, this being decided in the negative. A special jury will be called, and it is expected that the trial of the cases will occupy the attention of the court for many days.

TEMPERANCE RALLY.

A temperance rally will be held in the First Baptist Church this evening at 7:30 o'clock under the auspices of the High Tent, Independent Order of Rechabites of North America. High Tent Chief Ruler N. Elwyn Vowles will preside. Addresses will be delivered by the high tent ruler and other members of the order. A large delegation of members of the order from Washington will attend. The object of the gathering is to awaken and stimulate general interest in the temperance cause. Perseverance Tent, the Alexandria branch of the organization, will attend in a body.

DEATH OF AN OLD RESIDENT.

Matthew McKeown, a well-known resident, died at 9 o'clock last night at his home, 1104 Wilkes street, after an illness lasting about six weeks. The deceased was eighty-four years of age and is survived by five sons. Mr. McKeown was a native of county Tyrone, Ireland, but had been a resident of this section of the country the major portion of his life. He was a stonemason by occupation, although in recent years he conducted a farm in Fairfax county, below this city. Owing to poor health, he recently ceased active participation in the farming business.

APPEAL TO VOTERS.

At the meeting of the city democratic committee held last Tuesday night the following was adopted as an address to the democratic voters, a copy of which is to be sent to each:

Alexandria, Va., October 19 1907.

Dear Sir: The democratic executive committee of your city begs to call your attention to the election to be held November 5th for a Congressman, State Senator and a member of the House of Delegates, and to state that for each of these offices the republican party has placed in nomination a candidate, all of whom are making active campaigns in their behalf. The nominees of the democratic party are Charles C. Carlin for Congress, R. E. Thornton for State Senator, and James R. Caton for member of the House of Delegates. In view of the active campaigns being made by the candidates of the republican party for these respective offices, it is essential to success that every democratic voter take a personal interest in the contest. It is dangerous to underrate the strength of the adversary, and not unfrequently inattention and neglect on the part of voters make success of the opposing party possible. It is important in this, as in every contest, that every democratic voter should take an active interest in the campaign, and that he should vote on the day of election for the nominees of his party, and as far as possible see that his neighbors and friends do likewise. Your executive committee therefore begs to urge upon every democratic voter to become actively interested in success of the democratic ticket, and to bear in mind that the election will take place on the 5th of November, and to be sure that his ballot is deposited for the nominees of the party. The candidates of the party should be elected by an overwhelming majority, but this cannot be accomplished unless the democratic voters take an active interest in the campaign and see to it that the vote is polled on the day of election for the nominees of the party.

REVIVAL SERVICES.

The protracted meeting at Woodlawn Baptist Church has developed into a great revival of religion. The new pastor, Rev. C. K. Hobbs, who is conducting the services, has already received and prepared 20 persons for baptism. There will be baptizing at Woodlawn Mill Sunday morning at 10 o'clock. The meeting will close Sunday morning at the 11 o'clock services, at which time the right hand of good fellowship will be given to the new members.

Mr. Hobbs will begin a protracted meeting at the Beulah Baptist Church, Woodlawn, of which he has also charge, next Monday night at 7:30 o'clock, and will conduct services at Del Ray Baptist Church every Sunday night at 7:30 o'clock.

SHOOTING LAST NIGHT.

Shortly before midnight last night several shots were heard on Oronoco street between Washington and St. Asaph streets, and Special Policeman Thomas Carter, who was nearby, made an investigation and ascertained that the shots were fired by Charles McCoy, colored, at Walter Bryant, also colored. Upon the approach of the officer McCoy fled. He was pursued by the officer, but he proved to be more fleet of foot than his pursurer and eluded capture. It is said that McCoy was, however, a poor marksman, as none of the shots took effect. It is not known what precipitated the shooting. A warrant, it is understood, has been issued for McCoy's arrest.

DERAILMENT DELAYS TRAFFIC

A northbound electric car over the Washington, Arlington and Falls Church Railway, traveling over the tracks of the Washington, Alexandria and Mount Vernon Railway, jumped the track about 7 o'clock this morning just north of the new highway bridge. As a result of the accident traffic over both lines was considerably delayed. The tie-up caused a disarrangement of the schedule of trains over the Mount Vernon road and a considerable number of Alexandrians were late in reaching their places of employment in Washington.

ORDER OF HIBERNIANS.

An interesting meeting of the Ancient Order of Hibernians was held at St. Mary's Hall last night after which the members repaired to the Hotel Rammel where a supper was served. Among those who made speeches were Dr. T. J. Martin, State president of Maryland; J. T. Flood, State secretary, and others. All of the members expressed themselves as being highly pleased with the evening's entertainment.

WILL ERECT TWO HOUSES.

Dr. George T. Klipstein will erect two modern brick houses on the west side of Pitt street between Cameron and Queen streets. Each of the dwellings will be two stories high and contain six rooms each. Ground for the work was broken today. Messrs. Allen and Davis have been awarded the contract for the work, and the laying of brick will be commenced Monday next.

The boy left the station and stated that he would surely get the name of his assailant. It is stated that Travers and several other lads, who were on their way to school, engaged in a dispute with some colored boys, who were also on their way to school, which was followed by the affray.

BALLOON WRECKED.

Ten thousand persons saw the Baysdorfer-Heager airship, "The Comet," with Charles Baysdorfer aboard, completely wrecked yesterday afternoon at Maryland avenue and King's highway, St. Louis, while Baysdorfer was attempting to send the machine in the trial trip over the military course from Aero Club balloon grounds to the Blair Monument and return. Baysdorfer landed once on the eastern side of King's highway, at Maryland avenue, striking electric light wires with comparatively small damage.

Baysdorfer rose in fairly good shape on his next trial and crossed King's highway to the westward. He barely had cleared the wires on that side of the street when the bag of his balloon, which was not filled fully with gas, came in contact with the crippled rudder and was badly torn, letting out gas with a rush.

The machine came down in a tree and the framework under the bag was broken squarely in two and smashed. Baysdorfer saved himself from being entangled in the wreck by jumping from the rigging into the tree as the balloon was falling.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

THE BALLOON RACE.

The official air line measurements of the flight of the two leading balloons in the international race from St. Louis, as computed at the Geological Survey yesterday, follows:

St. Louis (Forest Park) to Asbury Park, 873.4 miles; St. Louis (Forest Park) to Hubertsville, N. J., 867.4. The Pommern landed at Asbury Park, the longest distance traveled by the competitors, and the Isle de France landed at Hubertsville, next in distance.

All of the data relating to the anchorage of the balloons has been telegraph to Washington and the preparation of a map of the flight has been begun by William Welch, chief draughtsman of the Signal Corps, U. S. A. It is expected that the Aero Club of America will adopt these figures and award prizes accordingly.

An investment you wish to make, rest assured the safest investment you can possibly make is to deposit your money in the Savings Department of this corporation where it will earn 3 per cent. interest compounded twice a year. Your principal will then be always at your command and cannot depreciate in value. You can start an account with this corporation for $1.00 or upwards. If you have other investments in view isn't it advisable to have your MONEY MAKING MONEY while you are deciding this matter. There's many a $1 or $5 bill spent unnecessarily because it is carried in the pocket, when a savings account would have discouraged or prevented the expenditure. A bank account is not only a convenience, but a great encourager of economy, so why not commence right and open an account with us today. We invite you to do so and promise courteous and liberal treatment consistent with sound banking methods.
